

Alpha-mannosidosis is an ultra-rare progressive lysosomal storage disorder caused by deficiency of the enzyme alpha-mannosidase. Despite advances in diagnosis and treatment, the management of this disease is still complicated and often inadequate.

The event will gather participants from all over the world. Its aim is to create awareness on the complex spectrum of alpha-mannosidosis symptoms, favoring the early diagnosis and treatment.

02/07 & 
07/07 2021

AGENDA | DAY 1 2nd JULY 2021 | UTC/GMT +2

- 15.00 Introduction and meeting objectives
Maurizio Scarpa
- 15.15 Alpha-mannosidosis in the LSDs landscape
 Instant Survey – Q&A
Paul Harmatz
- 15.45 Living with LSD – The patient journey from the diagnosis to the management
 Instant Survey – Q&A
Bob Stevens - MPS EUROPE
- 16.15 Diagnosis of lysosomal storage disorders
 Instant Survey – Q&A
Roberto Giugliani
- 16.45  Break**
- 17.00 The lysosomal survey: presenting diagnosis of patients cases of different diseases - part I
Nicole Muschol, Lucia Santoro, Mónica López Rodríguez
- 17.15 Strategies of identifying LSDs (DBS/hearing panels/NBS...)
Hurdles in patient identification in LSDs (focus on AM)
 Instant Survey – Q&A
Florian Lagler
- 17.45 Diagnostic challenges from a clinician view point
Focus on alpha-mann
 Instant Survey – Q&A
Christina Lampe
- 18.15 The lysosomal survey: presenting diagnosis of patients cases of different diseases – part II
Nicole Muschol, Lucia Santoro, Mónica López Rodríguez
- 18.30 Final Q&A Session
- 18.45 Take-home message - *Paul Harmatz*

AGENDA | DAY 2 7th JULY 2021 | UTC/GMT +2

- 15.00 Welcome and summary from session 1
Introduction session of the day
Roberto Giugliani, Paul Harmatz, Maurizio Scarpa
- 15.30 Workshops: how to recognize the symptoms and achieve an early diagnosis
-  **WORKING GROUPS:**
- Group 1: immunological macro-category**
- Group 2: musculoskeletal macro-category**
- Group 3: neurosensorial macro-category**
Florian Lagler, Christina Lampe, Mónica López Rodríguez, Nicole Muschol, Lucia Santoro
- 17.00  Break**
- 17.15 Discussion: output of the workshops
Roberto Giugliani, Paul Harmatz, Maurizio Scarpa
- 17.45 Q&A
- 17.55 Take-home message and closing remarks

SCIENTIFIC COMMITTEE

ROBERTO GIUGLIANI

Professor of Genetics
Federal University of Rio
Grande do Sul (UFRGS),
Porto Alegre (Brasil)

PAUL HARMATZ

Professor of Pediatrics
University of California,
San Francisco (USA)

MAURIZIO SCARPA

Coordinator,
European Reference Network
For Hereditary Metabolic
Diseases (MetabERN)
Professor of Pediatrics,
Università di Padova (Italy)

FACULTY

FLORIAN LAGLER

Salzburg (Austria)

CHRISTINA LAMPE

Giessen (Germany)

MÓNICA

LÓPEZ RODRÍGUEZ

Madrid (Spain)

NICOLE MUSCHOL

Hamburg (Germany)

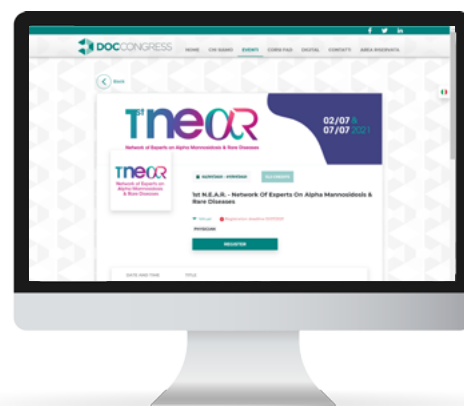

LUCIA SANTORO

Ancona (Italy)

BOB STEVENS

Amersham (UK)

REGISTRATION

Registrations are free and
open until **1st July 2021**

or scan the QR Code.

UEMS-EACCME CME:

The virtual meeting has been granted 3 European CME credits (ECMEC[®]s) for the 2nd July and 2 European CME credits (ECMEC[®]s) for the 7th July by the European Accreditation Council for Continuing Medical Education (EACCME[®]).

For further information, please visit:

www.nearalphaman.com/registration.html

ITALIAN CME ON LINE:

The educational event has been accredited for Italian CME, for the following categories:

PROFESSION: PHYSICIAN

Disciplines: Medical genetics, Diabetology and metabolic diseases, Internal medicine, Neurology, Orthopaedics and traumatology, Otolaryngology, Pediatrics, Pediatrics (Pediatrician at free choice)

Italian attendees will be able to gain CME credits only if: they will attend 90% of the live broadcast (total for both days); they will correctly answer at least 75% of the questions in the CME questionnaire; they will fill in the event evaluation form.

Number of Italian CME credits for the event:

13,5 ID ECM: 323530

At the end of the event, on 7th July, attendees will receive by email the details to proceed with the compilation of the CME questionnaires.

The presence during the live event, required by Italian CME and European EACCME regulations, will be tracked during both days.

OFFICIAL LANGUAGE: The official language is english. Live Q&A sessions will be in english.
